DISCIPLINE COMMITTEE REPORT
Spring Council Meeting 2016

The Discipline Committee concluded Dr. Etman's case in November 2015 with its decision on penalty. The Discipline Committee currently has no further cases to hear at this time.

This committee asks for Council's direction whether a more formalized process for choosing members for discipline hearing panels should be considered. If so, we will develop a strategy for Council to review and approve.

The members of the individual discipline hearing panels have dedicated countless hours to the difficult process of disciplining their peers, and I would like to again thank the following for their recent commitment: Drs. Raj Bhargava, Alan Heinrichs, Margaret Wheaton, Kim Neudorf and Francine Chad Smith.

Thank you also to Bella Armistead for her continued to support.

Respectfully submitted:

Dr. Hilary Stevens
Chair of the Discipline Committee
