

## Limited (Education)

### Category description

This registration category is for dentists engaged in a clinical presentation, study club, or dental teaching program at, or under the sponsorship of, the UBC's Faculty of Dentistry or another organization approved by the College's Registration Committee. This includes the supervision of students, presenting, conducting or engaging in a clinical or didactic presentation, study club, research program, or dental teaching program.

### General registration requirements

- a degree or equivalent qualification from a listed (accredited) general dentistry program or equivalent general dentistry program;
- a National Dental Examining Board (NDEB) certificate

### Registration conditions

- may only practise dentistry for the purposes described above and must not practise dentistry in any other context or on a fee-for-service basis.
- does not include prescribing rights, though they may be granted on a case-by-case basis.

### Limited (Education) Registration

**IMPORTANT:** If you have ever practised in another province or country, please contact that provincial or national regulatory body to request a Certificate of Standing for your CDSBC application. The Certificate must be delivered directly to CDSBC from the licensing/regulating body in a sealed envelope and must be dated within one month of the date your application is received by CDSBC.

---

## Limited (Post-graduate)

### Category description

This registration category is available to dentists solely for the purpose of taking or engaging in a course, clinic placement, research program, internship, or residency offered at the post-graduate level by or under the sponsorship of the Faculty of Dentistry at the University of British Columbia (UBC), or another post-secondary institution, hospital, or other institution approved by the Registration Committee.

### General registration requirements

- a degree or equivalent qualification in dentistry from a post-secondary educational institution;

### Registration conditions

- may only practise dentistry for the purposes described above and must not practise dentistry in any other context or on a fee-for-service basis.
- may only perform a restricted activity if the registrant is authorized by an educational institution, hospital, or other institution approved by the Registration Committee to provide services of dentistry that include the performance of the restricted activity.
- does not include prescribing rights, though they may be granted on a case-by-case basis.

**IMPORTANT:** If you have ever practised in another province or country, please contact that provincial or national regulatory body to request a Certificate of Standing for your CDSBC application. The Certificate must be delivered directly to CDSBC from the licensing/regulating body in a sealed envelope and must be dated within one month of the date your application is received by CDSBC.
