Hi Gord,

The CDSS online license system did not allow any changes this year to update such information. A glitch I would suppose.

Those communities are almost all federal jurisdictions and I don't work for the feds anymore.

I am not the dentist of record for any clinic since the DDA was changed. I am a referral/consultant dentist for the Saskatchewan Health Authority and the Prince Albert Grand Council. I do patient consults electronically and call in prescriptions.

I am not responsible for their clinical/preventive care or clinical operations. The therapists are employed by the two organizations who operate their clinics.

Hope this helps.

....I also have nothing to do with Athabaska Health Region. Dr. Shaik is the contract holder.

Stay well,
