Ashley Stevens, DD
Registrar of The Denturist Society of Saskatchewan
109-2995 2nd Avenue West
Prince Albert, SK S6V 5V5

Dear Ashley Stevens,

On behalf of The College of Dental Surgeons of Saskatchewan (CDSS), and in response to a concern from a member of the public to a CDSS registrant, I would like to inquire into what the Denturist Society of Saskatchewan's defines as a "removable dental prosthesis."

The Dental Disciplines Act (DDA) section 23(3) outlines that Denturists are able "[...] to make, repair, reline, alter, replace or furnish a removable dental prosthesis, and for that purpose carry out non-surgical intraoral procedures, including the taking of impressions that are necessary to make, repair, reline, alter, replace or furnish a removable dental prosthesis." The College of Dental Surgeons would like to inquire about the removable prosthesis definition currently in use by the Denturists of Saskatchewan.

If you have any questions or concerns, please contact me at dean@saskdentists.com or the College office at 306-244-5072 ext. 225.

I look forward to hearing from you.

Yours sincerely,

Dr. Dean Zimmer
Acting Registrar
